

CLEAR TO ME

Skin Clarifying Serum

clears & refines
salicylic acid | niacinamide | retinal

The Game Changer!

This state-of-the-art skin clarifying serum expertly balances the most iconic skin-clearing ingredients and refreshing Mediterranean botanicals. Powerhouse salicylic acid is joined by vitamins A, B3 and C in the form of microencapsulated retinal, niacinamide & kakadu plum to rapidly target and prevent blemishes, reduce redness & refine skin texture. Prebiotic willow herb extract provides a mattifying effect as it nurtures and maintains the skin barrier. Skin-calming Mediterranean olive & date oils, antioxidant vitamin E and zinc are joined by an advanced pore-refining complex which combats excess oil. This ultra lightweight, fast absorbing serum will have you believing you've got brand new skin. Just wow.

ADDITIONAL INFORMATION:

Size: 28 ml / 0.94 fl.oz.

Please check your product, ingredient lists may differ due to updates in formulations.

TEXTURE:

A weightless, silky texture which glides over skin and flashes off, absorbing instantly.

PERFORMANCE:

Benefits:

THE SCIENCE INSIDE:

Prebiotics, Postbiotics & Hyperactives

Willowherb Flower Extract

This prebiotic is rich in antioxidant polyphenols and leaves the skin looking less oily & shiny.

Salicylic Acid

A BHA (beta hydroxy acid) which exfoliates and resurfaces the skin, helping to shed dead cells while calming red and inflamed skin. Also acts as a postbiotic which helps to stabilise the skin microbiome, meaning the prebiotic we use can feed a more hospitable environment.

Niacinamide (Vitamin B3)

A hyperactive ingredient which helps improve the appearance of enlarged pores, balance excess oil, improve skin texture, soften fine lines and wrinkles, diminish dullness and support the skin barrier.

Adenosilane

Innovative science-led hyperactive pore complex which helps balance excess oil and visibly improve skin elasticity to minimise the appearance of oversized pores.

Encapsulated Retinal (Vitamin A)

Improves and restores the condition of rough or textured skin and improves the appearance of blemishes. Leaves your skin looking healthier and firmer. Retinal is the next metabolic step from Retinol, meaning it's closer to the active form and can work quicker at lower doses, allowing other strong actives to sit alongside it.

Mediterranean Botanicals

Olive Fruit Oil

Helps to lift up and break down dirt and skin impurities and waxy substances on the skin.

Date Oil

Rich in oleic acid which is beneficial for keeping the skin hydrated and prevents it from drying out.

Vitamins & Minerals

Vitamin C

A powerhouse antioxidant that actively delivers brighter, healthier and clearer-looking skin. In CLEAR TO ME, this comes from Kakadu Plum which is a highly bioavailable natural source.

Vitamin E

An antioxidant which helps soften and replenish dehydrated skin.

Zinc, Magnesium, Manganese and Sodium PCA

A compound of four essential minerals. Together, these elements help to replenish with key trace elements and maintain clear, fresh and radiant skin.

Independent trials:

After just 2 weeks

78% reported visible improvement in their skin.
75% said their skin was visibly clearer.
72% reported fewer blemishes.

After just 4 weeks

82% reported continuous visible improvement in their skin.
81% said their skin looked smoother with less surface texture.
73% said their skin looked less oily.
70% reported significant reduction in skin redness.

* based on a panel size of 95, aged between 18-60 who suffer with blemishes, enlarged pores, oiliness, redness and/or unwanted surface texture.

EXPERIENCE:

User experience:

"This product is amazing. I literally cannot believe the transformation of my skin. This product is incredible in just a few days it made my skin better now after a few weeks it's the best it's ever looked!"

User experience:

"It's like a miracle magic serum."

How to apply/use:

After cleansing & toning, apply 1-2 drops into your palm and massage into the face using circular, upward motions. Follow with your favourite moisturiser. Can also be applied directly to blemishes and areas of concern. Use at night for best results.
